**WEEKLY BULLETIN**

**MARCH 30<sup>TH</sup> 2023**

## FROM THE PRESIDENT

Good afternoon everyone, and I hope everybody is doing well on this windy and rainy day.

As you will all be aware nominations are now open for all Board positions, with the closing date being April 12<sup>th</sup>, 2023 at 6.00pm. If you feel that you can make a difference, please consider nominating: competition for all jobs is a good thing, and can only keep all the incumbents on their toes, and working to their full capacity. For you, the members.

Congratulations to Andy Wain for his victory over Nino Bonora in the 100 Up event, conducted in difficult conditions yesterday. A very entertaining game to watch in front of a very small but enthusiastic crowd. Similarly this afternoon, in another windy, cold and rainy set of conditions where yours truly and Di Washfold just managed to beat a very competitive Healy team, also known as club legends Carmel and Den. And it only took four and one half hours all up! Anyway, congrats to all participants in the club championship events, they have all been decided now and I personally want to congratulate Carmel Rowe for the efficient way in which she has organised and conducted this event. Well done Carmel!

Great night's trivia last Friday, a good time was had by all and the work of Vivienne Gannon should be acknowledged for the MC work she did throughout the evening. Thanks also to Michele and the Social committee for ensuring the event ran smoothly with some great old time music and memories up for discussion. It was indeed a great night.

Please let's all get behind our upcoming Auction event, we need first of all people to attend, and secondly donated items for auction. You all know the drill, so let's support the organisers and make this another highly successful social occasion.

Some exciting news. The Shire is all set to deliver some significant concreting restoration of our problem areas in relation to OH&S, with work expected to begin very shortly. There will be a little bit of inconvenience, but the final result will be a far more level walking and access area, free of broken, uneven concrete and dangerous gaps.

That's it from me, this is somewhat of a record when it comes to the brief nature of the presentation. Some of you might be quite happy about that!

Regards Peter.
